**HOMIE**

Il mediocre non ci interessa

**H O M I E**

I valori si sono capovolti: i mezzi, cioè il tempo e il denaro, sono diventati il fine e il fine, cioè la bellezza dell'opera è venuta a mancare.

Da questo pensiero di Carlo Scarpa, visionario designer e architetto, nato all'inizio del '900 a Venezia e cresciuto nella città di Vicenza, si sviluppa la nuova collezione primavera estate 2026. Le sue opere, la sua visione e il suo modo di utilizzare i materiali hanno ispirato la collezione, sviluppando una proposta di contrasti, mixando tessuti e materie apparentemente differenti tra di loro.

La sartorialità, punto di partenza di Homie nello sviluppo di ogni capo, si fonde con rifiniture importanti, cuciture a taglio vivo, bordi a contrasto, dando all'intera collezione un tocco ancora più minimal e rude.

Negozio Olivetti, Venezia / 1957-1958.
